Theme

Education is a dynamic field that constantly evolves with societal changes and technological advancements. The “International Conference on Global Perspectives in Pedagogy: Innovations and Challenges in the Teaching-Learning Continuum” seeks to provide a platform for educators, researchers, and practitioners to explore and discuss the latest trends, innovations, and challenges in the realm of education on a global scale.

Sub-themes

1. **Technology Integration in Education:**

- *Concept:* This sub-theme delves into the transformative impact of technology on education. It explores how educators can effectively integrate digital tools, e-learning platforms, and gamification into their teaching methods. Discussions will encompass the advantages and challenges of technological innovations in the learning process.

2. **Inclusive Education:**

- *Concept:* Inclusive education is about embracing diversity within the classroom. This sub-theme focuses on strategies to create an inclusive learning environment, accommodating students with special needs, and fostering a culture of inclusivity within educational institutions.

3. **Assessment and Feedback Strategies:**

- *Concept:* Effective assessment and feedback are crucial components of the teaching-learning process. This sub-theme examines innovative approaches to formative and summative assessments, explores feedback mechanisms for student improvement, and considers the balance between quantitative and qualitative assessment methods.

4. **Teacher Professional Development:**

- *Concept:* Continuous learning for educators is essential in a rapidly changing educational landscape. This sub-theme addresses pedagogical training for emerging educational trends, mentoring and support systems for educators,

and the role of ongoing professional development in improving teaching practices.

5. Cross-Cultural Education Practices:

- *Concept:* As education becomes more globalized, understanding and navigating cultural differences is paramount. This sub-theme explores how educators can adapt their practices to be culturally responsive, strategies for fostering cross-cultural understanding in education, and international collaboration in educational research and practices.

6. Student Engagement and Motivation:

- *Concept:* Engaging students and motivating them to learn are ongoing challenges for educators. This sub-theme delves into creating conducive learning environments, strategies for motivating diverse student populations, and the balance between extrinsic and intrinsic motivation in education.

7. Globalization of Education:

- *Concept:* This sub-theme examines the internationalization of curriculum and programs, challenges, and opportunities in global educational partnerships, and navigating cultural differences in a globalized educational landscape.

8. Sustainability in Education:

- *Concept:* Integrating environmental sustainability into the curriculum is increasingly important. This sub-theme explores how education can contribute to sustainable practices, promoting global citizenship, and social responsibility within educational institutions.

9. Blended Learning Models:

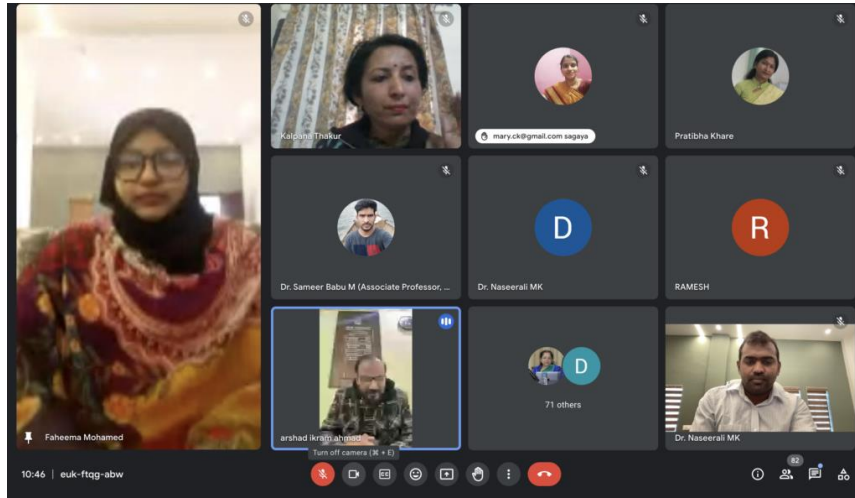

- *Concept:* Blended learning combines online and offline elements for a comprehensive educational experience. This sub-theme discusses the effectiveness of hybrid learning approaches, best practices in implementing blended learning, and the integration of online and offline learning experiences.

10. Education Policy and Reform:

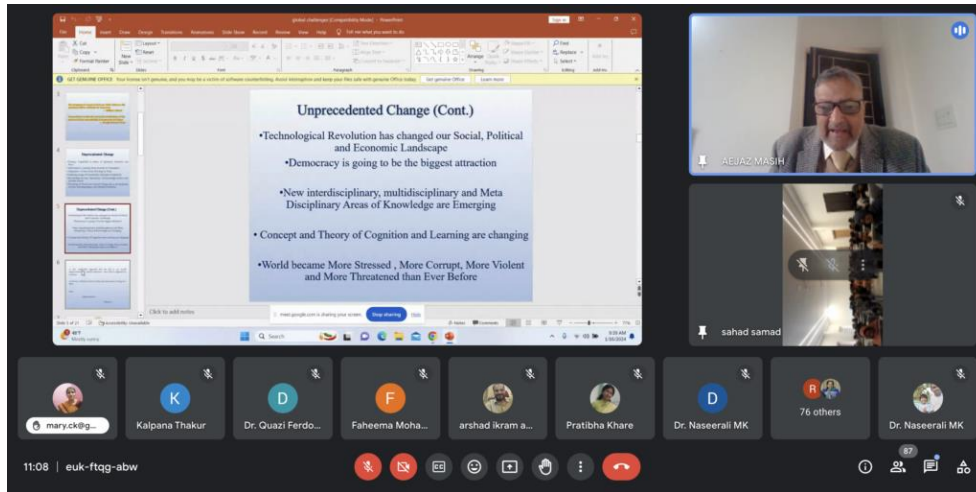

- *Concept:* Education policies shape the landscape of teaching and learning. This sub-theme analyzes the impact of policy changes, advocates for evidence-based educational reforms, and addresses challenges and opportunities in policy implementation.

PARTICIPANT'S FEEDBACK

On a scale of 1 to 5, 5 being the highest, how would you rate the event?

240 responses

What are the three things that you liked the most in this conference ?

The participants particularly appreciated three main aspects of the conference:

Organization and Management: Many participants highlighted the efficient organization of the conference, emphasizing aspects such as timely updates, clear instructions, and adherence to schedules. They commended the organizers for their meticulous planning, which contributed to a smooth and well-executed event.

Quality of Resource Persons: Another key aspect that participants liked was the selection of resource persons and keynote speakers. They praised the expertise and knowledge shared by these individuals, noting that their presentations were informative, insightful, and enriching. Participants valued the opportunity to learn from experts in their respective fields.

Interactive and Engaging Sessions: Participants enjoyed the interactive nature of the sessions, where they could actively engage with the speakers and fellow attendees. They appreciated the opportunities for discussion, feedback, and knowledge exchange, which enhanced their

learning experience. The engaging format of the sessions kept participants attentive and involved throughout the conference.

In addition to the three main aspects highlighted, participants also mentioned the following points:

Communication and Feedback: Many participants appreciated the clear communication channels established by the organizers, allowing for effective dissemination of information before, during, and after the conference. They also valued the feedback received from session chairs, which provided valuable insights and constructive criticism to improve their presentations.

Variety and Relevance of Topics: Participants praised the diverse range of topics covered in the conference, noting that they found relevance and interest in the various sessions. The inclusion of multidisciplinary themes allowed attendees to explore new areas of research and broaden their knowledge base.

Hybrid Mode of Participation: Participants who attended the conference both in-person and remotely appreciated the hybrid mode of participation. They found it convenient and inclusive, enabling individuals from different locations to join the conference and engage with the content without constraints.

Networking Opportunities: Many participants highlighted the networking opportunities provided by the conference, allowing them to connect with peers, experts, and potential collaborators. They valued the chance to exchange ideas, discuss research interests, and establish professional connections within their field.

Inspiration and Motivation: Several participants mentioned feeling inspired and motivated by the conference, citing the stimulating discussions, innovative ideas, and success stories shared by speakers and fellow attendees. They left the conference with renewed enthusiasm for their work and a sense of empowerment to drive positive change in their respective domains.

The participants provided a range of responses to the question regarding aspects they disliked the most about the conference. Here's a summary:

What are the things that you disliked the most?

Time Management: Some participants expressed dissatisfaction with the time management during the conference, suggesting that more time should have been allocated for presentations or discussions.

Technical Issues: A few participants reported encountering technical issues, such as network connectivity problems or unclear slides during presentations. These issues were perceived as detracting from the overall experience.

Lack of Awareness/Engagement: There were mentions of a lack of awareness or engagement from some participants, either in terms of not adhering to the conference agenda or not actively participating in discussions.

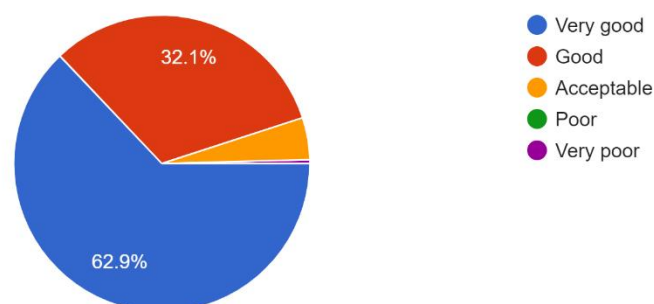

Scheduling Challenges: A couple of participants noted challenges with scheduling, such as sessions being held during working hours or parallel sessions making it difficult to attend all desired sessions.

Generalizations/Presentation Style: Some participants pointed out issues with certain presentations, such as overly long presentations, unclear slides, or generalizations made by speakers.

Miscellaneous: Other comments included distractions during sessions, topics not being challenging or engaging enough, and missed sessions due to technical or scheduling issues.

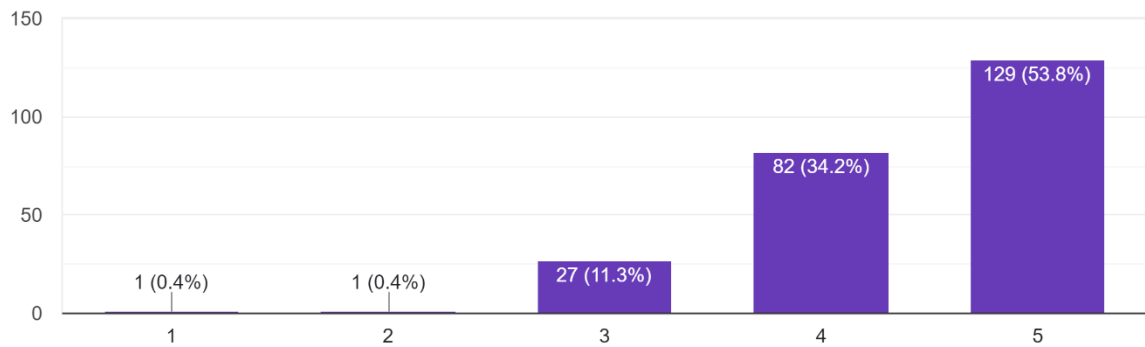

How would you rate the organization and scheduling of sessions?

ACKNOWLEDGEMENT

We extend our heartfelt gratitude to all those who contributed to the success of the INTERNATIONAL CONFERENCE ON GLOBAL PERSPECTIVES IN PEDAGOGY held on 17th and 18th January 2024. This conference, organized jointly by Kannur Salafi B.Ed. College, VillageMukku, Kannur, Kerala; Institute Of Educational Technology & Vocational Education, Panjab University, Chandigarh; Department of Educational Studies, Jamia Millia Islamia, New Delhi; and Department of Education, Mother Teresa Women's University, Kodaikanal, marked a significant milestone in the realm of education.

We would like to express our sincere appreciation to the Vice-Chancellors, Pro Vice-Chancellors, and Registrars of the collaborating universities for their invaluable support and permission to collaborate on this esteemed conference. Our gratitude also extends to the

Administrations of Kannur Salafi B.Ed. College for their unwavering assistance and facilitation.

We acknowledge with gratitude the Heads of the concerned departments from each collaborating institution for their steadfast support and active participation. The Organizing Committee Members from all collaborating institutions deserve special recognition for their dedication and tireless efforts in ensuring the smooth conduct of the conference.

A heartfelt thank you goes to the Resource Persons, media representatives, supportive staff, teaching staff, and research students of the collaborating institutions for their valuable contributions and commitment to the conference's success. We are also grateful to the students of degree and postgraduate programs of the collaborating institutions for their enthusiastic participation and engagement.

Last but not least, we extend our appreciation to all presenters, participants, and their higher authorities for their enthusiastic involvement, insightful contributions, and active engagement throughout the conference. Your collective efforts have truly made this conference a resounding success.

Thank you once again for your unwavering support and commitment to advancing pedagogical practices and global education perspectives.
