

MoU WITH INSTITUTIONS

Kannur Salafi B.Ed. College has built an extensive network of linkages and collaborations with a variety of institutions, significantly enhancing its academic offerings and community outreach. The college has formalized functional Memorandums of Understanding (MoUs) with several B.Ed. colleges, which facilitate academic exchanges, shared resources, and collaborative initiatives. These partnerships enrich the curriculum and provide students and faculty with opportunities to engage in joint research projects, workshops, and seminars, fostering a culture of continuous learning and professional growth. In addition to its academic collaborations, Kannur Salafi B.Ed. College is deeply committed to social responsibility. This is evident in its partnership with a local rehabilitation center, where students contribute to the rehabilitation and education of individuals facing various challenges. This collaboration not only provides invaluable practical experience for the students but also makes a meaningful difference in the lives of those in need, reflecting the college's dedication to holistic education. Additionally, strong connections with affiliated institutions such as the Salafi English Medium School facilitate collaboration and resource sharing. The college's commitment to social responsibility is evident

The college's collaboration with Kuttiyattoor Grama Panchayath and nearby government schools further underscores its commitment to community development. Through these partnerships, students participate in a wide range of educational and social initiatives, such as literacy programs, environmental awareness campaigns, and health education drives. These activities enable students to apply their theoretical knowledge in real-world settings, while also contributing positively to the local community. These strategic linkages and collaborations not only enhance the educational experience at Kannur Salafi B.Ed. College also reinforces its role as a pivotal institution in driving social change and development in the region.
